

## PRODUCT FEATURES

Stable output current - pure AC sine wave allows for safe use when connecting demanding electronic devices.  
Lightweight compact design.

Code	TOG1000
	Engine
engine model	LY144F
motor type	Inverter
engine type	Single -cylinder, 4-stroke, air-cooled, OHV gasoline engine
engine start	Recoil starter
engine capacity	53,5 cm <sup>3</sup>
continuous working time	~3,5
nominal power/rotation speed	1,15 kW/5000/min
fuel tank capacity	2,6 l
oil capacity	0,35 l
recommended type of spark plug	A7RTC
	Generator
nominal power (COP)	0,9 kW
max. power	1,0 kW (S2, 5min)
nominal voltage (AC)	230 V
nominal frequency	50 Hz
nominal current (AC)	3,9 A
nominal voltage (DC)/USB	12 V/5 V
nominal current (DC)/USB	5 A/2,1 A
security level	IP23M
