

PRODUCT FEATURES

Supplying devices with 230V (single-phase) and 400V (three-phase) voltage.
 Copper generator winding.
 AVR voltage stabilization system.
 Available set EATOG55.
 Folded handle and transport wheels.

Code	TOG5500
	Engine
model	188F
type	four stroke
nominal power/rotation speed	1,15 kW/5000/min
capacity	389 cm ³
fuel tank	25 l
	Three-phase generator
rated power	5,0 kW
max. power	5,5 kW
output	1 x 400V, 2 x 230V, 1 x 12V
AVR	yes
max. operating time per fuel tank	9 h
weight	84 kg
carton quantities	1
